### AUTHORIZATION FOR CARE OF A MINOR

It is understood and agreed that the payments to the doctor for x-rays is for examination of x-rays only. The x-ray films will remain the property of this office. They are kept on file where they may be seen at any time while I am a patient in this office. I understand that all services are to be paid in full at the time of service, unless other arrangements have been made and agreed in writing.

I hereby authorize the doctors in this chiropractic office and whomever they may designate as their assistant to administer chiropractic care, to work with my condition through the use of adjustments and procedures the doctor deems appropriate. I clearly understand and agree that all services rendered me are charged directly to me and that I am personally responsible for payment. I agree that I am responsible for all bills incurred at this office. The Dr. will not be held responsible for any pre-existing medically diagnosed conditions nor for any medical diagnosis. I also understand if I suspend or terminate my care for any reason, any fees for professional services rendered me will become immediately due and payable. I hereby authorize assignment of my insurance rights and benefits (if applicable) directly to the provider for services rendered.

## AUTHORIZATION FOR CARE / TERMS OF ACCEPTANCE

*I hereby authorize the Doctor to work with my condition through the use of adjustments to my spine, as he or she deems appropriate. I clearly understand and agree that all services rendered me are charged directly to me and that I am personally responsible for payment. I agree that I am responsible for all bills incurred at this office. The Doctor will not be held responsible for any pre-existing medically diagnosed conditions nor for any medical diagnosis. I also understand that if I suspend or terminate my care, any fees for professional services rendered me will become immediately due and payable.*

*I hereby authorize assignment of my insurance rights and benefits (if applicable) directly to the provider for services rendered. I understand and agree that health and accident insurance policies are an arrangement between an insurance carrier and myself. I understand that the Doctor's Office will prepare any necessary reports and forms to assist me in collecting from the insurance company and that any amount authorized to be paid directly to the Doctor's Office will be credited to my account on receipt.*

*As with any healthcare procedure, there are certain risks which may arise during chiropractic care. We will make ever reasonable effort during the examination to screen for contraindications to care; if you have a condition that would otherwise come to my attention, it is YOUR responsibility to inform the doctor.*

**Ownership of X-ray Films:** *It is understood and agreed that the payments to the Doctor for X-rays is for examination of X-rays only. The X-ray negative will remain the property of the office. They are kept on file where they may be seen at any time while I am a patient at this office.*

*When a patient seeks chiropractic care and we accept such a patient for care, it is essential for both to be working towards the same objective. Chiropractic has only one goal. It is only when the patient understands both the objective and the method that they will be able to attain it. This will prevent any confusion or disappointment..*

*An adjustment is the specific application of forces to facilitate the body's correction of vertebral subluxation. Our chiropractic method of correction is by specific adjustments to the spine.*

*Health is a state of optimal physical, mental and social well being, not merely the absence of disease.*

*Vertebral Subluxation is a misalignment of one or more of the joints of the body. This can cause pain or alteration of the nerve function and interference of the transmission of the nerve impulses, lessening the body's innate ability to maintain maximum health.*

*We do not offer to diagnose or treat any disease or condition other than the vertebral subluxation. However, if during the course of a chiropractic spinal evaluation, we encounter non-chiropractic or unusual findings, we will advise you. If you desire advice, diagnosis or treatment for those findings, we will recommend that you seek the services of a health care provider who specializes in that area. Regardless of what the disease is called, we do not offer to treat it. Nor do we offer advice regarding treatment prescribed by others. **OUR ONLY PRACTICE OBJECTIVE** is to eliminate a major interference to the expression of the body's innate wisdom. Our only method is specific adjusting to correct vertebral subluxation.*

*I have read and fully understand the above statement. Any questions regarding the doctor's objectives pertaining to my care in this office have been answered to my complete satisfaction. I therefore accept chiropractic care on this basis.*
